Alexandra Feusi

Short Biography

Alexandra Feusi is a Swiss-Polish artist. She earned her Bachelor's degree from the Zurich University of the Arts before relocating to Vienna in 2018 to study Painting at the Academy of Fine Arts. She completed her Magistra artium with distinction in 2025.

In 2023/24, she participated in an exchange program at Kyoto University of the Arts, an experience that significantly influenced her artistic practice. Since then, she has been represented by Kouichi Finearts Gallery in Osaka.

Feusi's work explores the interplay between narrative structures, intuition, chance, and formal systems. Through repetition and variation of motifs, she develops rhythmic visual compositions in which forms reappear and shift, creating a sense of continuity and transformation. Her practice operates between predefined frameworks and improvisation, balancing control with spontaneity.

In addition to her visual art practice, she is also active as a musician.
